

This responds to your April 1, 2009 letter regarding the Amended 30 Day Post-General Election Report filed by the Employees of Northrop Grumman Corporation PAC (ENGPAC) on January 31, 2009 for the October 16, 2008 to November 24, 2008 period. You requested clarifying information as to why additional receipts totaling \$32,417.88 that were disclosed on the amended report were not included on the original report. Those additional contributions were payroll deductions received by ENGPAC after the filing deadline for the original report. Because some of Northrop Grumman Corporation s divisions prepare payroll deduction data on a monthly basis, they were unable to send us information regarding their employees November payroll deductions before the December 4, 2008 deadline for the original report.
